LARSON—OPER 731—HOMEWORK WORKSHEET 12
3 Matroid Greedy Algorithm Problems from our Book.

Here are 3 problems from Lee's book with a supplemental comment.

1. **Exercise**, p. 58.
2. **Exercise**, p. 59. Do this *before* the “problem” on p.59, in order to help you fix the ideas with a **concrete** example.
3. **Problem**, p. 59. (All the good stuff is here!)
